Dear Dr.

The American Dental Association Councils on Dental Research and the Research Institute of the ADA Health Foundation; the American Society of Geriatric Dentistry and the Veterans Administration are co-sponsoring a "Symposium on Clinical Geriatric Dentistry: Biomedical and Psychosocial Aspects" to be held at the American Dental Association Headquarters, Chicago, Illinois June 1 to 3, 1983.

The theme of the symposium is to review, in broad perspective, the state of the art in Geriatric Dentistry, the current scope of knowledge in research and patient care, and the growing need to understand problems encountered by the aging patient.

The symposium is programmed to consider the most advanced concepts of current needs as well as future directions for achieving optimal levels of oral health for this growing segment of the U.S. population.

Enclosed is an outline of the projected program. We wish to invite your participation by presenting a paper entitled "

At this time, we are flexible regarding the exact title. You may wish to provide an alternate title for the subject assigned. All papers will be limited to either 30 or 40 minutes. Three copies of your paper must be submitted by April 15, 1983.

Funds will be provided to support travel and per diem for invited participants.

We would appreciate an early response to Dr. Chauncey relative to your acceptance.

Sincerely,

For the Committee

Sidney Epstein, D.D.S., Chairman, Univ. Calif. S.F., School of Dentistry
Howard H. Chauncey, Ph.D., D.M.D., Co-Chairman, Veterans Administration
John J. Hefferren, Ph.D., ADA-Director, Research Institute
Gordon H. Schrotenboer, Ph.D., ADA - Asst. Exec. Dir. Scientific Affairs
A. Carl Verrusio, Ph.D., ADA-Secretary, Council on Dental Research
Saul Kamen, D.D.S., President, American Society of Geriatric Dentistry
